

About Me

My name is Egwim lyke (Blessing). I am a versatile professional with a diverse background in accounting, software development, event management, and technology. My journey reflects both creative and technical pursuits, with an ongoing passion for problem-solving, innovation, and growth.

Education

- University of Lagos – Degree in Accounting
- Oxford Brookes University – Additional academic foundation
- Ongoing studies in Computer Science, with a strong focus on software development and backend systems.

Professional Experience

- WalletHub – Contributed to financial operations, reporting, and business processes.
- Ecobank Nigeria – Worked in professional banking and financial services, handling reconciliation, payroll, and client support.
- Noble Touch Events – Founder of an events business, where I focus on growing the brand, client acquisition, and delivering memorable event experiences.

Technical Skills

- Frontend Development: React, Next.js, React Native (cross-platform apps).
- Backend Development: Node.js, Express, MongoDB.
- API Integration & System Design.
- Accounting & Financial Analysis.
- Event Planning, Branding, and Business Strategy.

Projects & Portfolio Highlights

- Spotify Clone App – Built with React Native and Expo, featuring playlists, albums, track navigation, and real-time music data.
- ShowcaseHub – A portfolio and project management system with backend support for CRUD operations, image uploads, and featured projects.
- Event Planning – Through Noble Touch Events, I organize and manage events, blending creativity with organization.

Career Goals

My long-term career goal is to become a well-rounded full-stack software developer, with strong backend expertise, while leveraging my financial and entrepreneurial background. I aim to build impactful software solutions and scale Noble Touch Events into a recognized brand.

Personal Interests

- Technology & Innovation • Entrepreneurship • Music & Creativity • Writing & Knowledge Sharing • Community Building

Closing Statement

I am a multi-dimensional individual with an ongoing drive for excellence. Whether in tech, finance, or events, I bring creativity, persistence, and a solutions-oriented mindset to everything I do.
