

EGWIM IKECHUKWU GODSPOWER

Full-Stack Web & Mobile Developer (Mid-Level)

Surulere, Lagos, Nigeria | +2348107027244 | egwimikechukwu.gp@gmail.com
<https://egwim-iyke.vercel.app/> | [linkedin.com/in/iyke-gp](https://www.linkedin.com/in/iyke-gp)

PROFESSIONAL SUMMARY

Mid-Level Full-Stack Developer with expertise in React Native, Flutter, and backend API integration. Experienced in building, optimizing, and deploying high-performance cross-platform mobile applications. Passionate about delivering scalable, efficient, and user-focused software solutions.

TECHNICAL SKILLS

- **Mobile Development:** React Native (Expo & CLI), Flutter, Android, iOS
- **Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, Zustand, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs
- **Databases & Backend Services:** MongoDB, PostgreSQL, Firebase, Supabase
- **Tools:** Git, GitHub, Docker, Vercel, Postman, Figma, Linux

PROFESSIONAL EXPERIENCE

Talent Factory Africa (Rise) | Mobile Developer (React Native)

Remote | Feb 2026 – Present

- Develop and maintain cross-platform mobile applications using React Native, Expo, TypeScript, and Zustand.
- Build scalable application architecture with reusable components and modular code.
- Integrate REST APIs, push notifications, background services, and local storage solutions.
- Optimize application performance, improve user experience, and resolve production issues.
- Collaborate with designers, backend engineers, and product teams using Git and Agile workflows.

Rise | Mobile Development Trainee

Remote | Jan 2025 – Dec 2025

- Built production-ready mobile application features using React Native and Expo.
- Developed more than 10 reusable UI components used across multiple team projects.
- Debugged application issues, refactored UI components, and improved state management.
- Worked with Git for version control and collaborated in an Agile development environment.

Integrated Software Services Ltd (ISSL) | Frontend & Mobile Developer

Onsite | May 2024 – Nov 2024

- Built responsive web interfaces using Next.js, React, TypeScript, and Tailwind CSS.
- Contributed to the development of Crestmonie, a cross-platform financial investment application built with Flutter, Firebase, and Node.js.
- Developed reusable components for financial dashboards.
- Integrated frontend modules with backend APIs and participated in feature implementation and testing.

Acme Software Labs | Software Engineering Intern

Remote | Jun 2024 – Aug 2024

- Built backend services and REST APIs using Node.js.
- Fixed application bugs and improved system reliability.
- Collaborated with engineers to implement new features and maintain existing services.

FEATURED PROJECTS

Voice of the East | Lead Mobile Developer

Google Play: <https://play.google.com/store/apps/details?id=com.talentfactoryafrica.voiceoftheeast>

- Built and deployed a news and media mobile application using React Native, Expo, and Node.js.
- Implemented authentication, API integration, offline storage, and push notifications.
- Managed the Google Play Store release process and resolved Android App Links and production deployment issues.
- Optimized application performance and maintained production releases.

BankEasy (Crestmonie) | Mobile Developer

Google Play: <https://play.google.com/store/apps/details?id=com.issl.bankeasyap4candourcrest&hl=en>

- Contributed to the development of a financial investment platform using Flutter, Firebase, and Node.js.
- Built reusable dashboard components and integrated backend APIs.
- Worked on real-time financial data features and application improvements.
- Collaborated with cross-functional teams throughout development and testing.

EDUCATION

Federal University of Agriculture, Abeokuta (FUNAAB)

Bachelor of Science (B.Sc.) in Computer Science

TECHNICAL SKILLS

Mobile: React Native, Expo, Flutter, Redux, Zustand

Web: React, Next.js, Tailwind CSS, REST APIs, Node.js

Languages & Tools: JavaScript, TypeScript, Firebase, Git, GitHub

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Communication
- Agile Development
- Code Review
- Debugging
- Time Management
